Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Thursday 26 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Mainly dry with variable cloud and clear or sunny spells.

This Evening and Tonight:
Thicker cloud across eastern areas will continue to produce a few showers, with the best of sunny and then clear spells in central and western parts. A few fog patches forming in the west and turning chilly in rural areas.

Friday:
Another day of variable cloud and some sunshine. Mostly dry, but isolated light showers are possible over northern England and near North Sea coasts where it will be cool.

Outlook for Saturday to Monday:
Often cloudy, cool with some light rain or showers for northern and eastern coastal areas. Elsewhere, dry with sunny spells. Warm in the west, locally very warm in shelter.
